SITUATION SUMMARY

Saddle Fire, Trinity County

Location of incident: 4 miles Northwest of Hyampom, Shasta-Trinity Forest

Jurisdiction: Federal DPA, FRA

Start Time: 6/9/2015, 1723

Per CAL FIRE, Cal OES Duty Officers, and ICS-209 as of 06/11/15 at 0100 hours:

- 800 acres timber, grass and brush, 0% contained.
- Rapid rate of spread.
- Structure threat continues in outlying areas of Hyampom.
- Evacuations in progress.
- 60 KV power lines threatened.
- Northern Spotted Owl habitat threatened.
- Federal, State aviation and ground resources committed
- Federal IMT Type 2 - NorCal 2 has been activated.

Evacuations/Shelters

- 100 homes evacuated under a recommended evacuation order with no exact area of impact.
- Mandatory evacuations along County Road 311, also known as the Lower South Fork Road, north of Big Slide Campground to Manzanita Ranch - affects one (1) home.
- The location of the Red Cross Evacuation Center in Hayfork has been moved from the Hayfork Fairgrounds to the Hayfork High School at 231 Oak Ave Hayfork, CA 96041. Per the California Department of Social Services (CDSS):
 - Overnight Shelter population: 0

Utilities

- Per the California Utilities Emergency Association (CUEA), No threat presently to the grid or transmission service.

Health and Welfare

- Per the California Department of Social Services (CDSS):
 - There are currently no community care licensed facilities impacted by this fire.
- CDSS will continue to monitor impacts to community care licensing facilities.

Deployments

- A Cal OES Fire Branch Assistant Chief is responding to the incident.

There are no requests for assistance or unmet needs.

Cal OES Duty Officers are monitoring the situation and will provide updates as they become available

SITUATION SUMMARY

SPILL: 15-2785, Refugio Beach, Goleta, Santa Barbara County

- On 05/19/15 at 1243 hours the California State Warning Center received a report from the Santa Barbara County Fire Department indicating that a ¼ mile sheen was observed off of Refugio State Beach, near Goleta, Santa Barbara County.
- 06/10/2015 Incident Command Post (ICP) Executive Summary attached.

Proclamations

- Governor Brown Proclaims a State of Emergency in Santa Barbara County to Assist Oil Spill Response.
- <http://gov.ca.gov/news.php?id=18967>
- A Proclamation from Santa Barbara County has been received. The County is not requesting CDAA at this time.
- On 05/22/15 City of Goleta submitted a Proclamation of Local Emergency. The City is not requesting CDAA at this time.
- On 05/23/15 the University of California Santa Barbara submitted a Proclamation of Campus Emergency with no requests at this time.

Activations

On 05/27/15:

- The State Operations Center is activated at Level 1.
- The Southern Region Emergency Operations Center (REOC) is activated at Level 1.
- Santa Barbara EOC is activated at Level 1.
- The ICP, is located at 461 S. Fairview Ave. Suite A, in Goleta, and has an Operational Period of 48 hours: 0700 to 0659 hours
- Ventura County OA EOC is activated at Level 1.

SITUATION SUMMARY

SPILL: 15-2785, Refugio Beach, Goleta, Santa Barbara County

Deployments

- Unified Command
 - Federal on Scene Coordinator: US Coast Guard (USCG) & the Environmental Protection Agency (EPA).
 - State on Scene Coordinator: CA State Parks & CA Fish and Wildlife (CDFW).
 - Local on Scene Coordinator: Santa Barbara County Office of Emergency Management (OEM).
 - Tribal Coordination: Santa Ynez Chumash Tribe, Owl Clan Consultant representing the three Clans: Barbareno, Coastal and Southern Owl.
 - Responsible Party: Plains All American Pipeline LLC.
- Cal OES Deployments
 - (1) one Cal OES Emergency Services Coordinator (ESC) Ports and Harbors, Agency Representative
 - (1) one Cal OES ESC, Territory Representative, Santa Barbara County EOC

Responding Agencies

Federal

- USCG, Pipeline and Hazardous Materials Safety Administration (PHMSA), EPA, US Fish and Wildlife, and NOAA.

State

- Cal OES, CA State Parks, Cal OSPR, CA Fish and Wildlife, Cal Volunteers, CA Department of Transportation, California Highway Patrol , University of California Santa Barbara and California Coastal Commission.

Local

- Santa Barbara County OEM, Ventura County Sheriff's OES, Santa Barbara County Fire Department, City of Santa Barbara, Santa Barbara County Sheriff , Gaviota Police Department, Santa Ynez Chumash Tribe, Owl Clan Consultant representing the three Clans: Barbareno, Coastal and Southern Owl.

SITUATION SUMMARY

SPILL: 15-2785, Refugio Beach, Goleta, Santa Barbara County

• **Response and Clean Up Efforts**

- Per Cal OES Southern Region Emergency Operations Center Situation Report:
- To date, the total miles of impacted shoreline are, 53.85 miles.
- Work crews focused on cleanup between Arroyo Hondo and Isla Vista in Santa Barbara County.
- Impacts to the shoreline have been identified as follows:
 - As of 06/10/15 at 1800 hours, the following has been collected onshore:
 - 615 cubic yards of oily vegetation
 - 3,804 cubic yards of oily soil
 - 780 cubic yards of oily sand
 - 340 cubic yards of culvert soil
 - 450 cubic yards of oiled equipment (including gloves, masks, Tyvek, etc.)
 - 225 cubic yards of absorbent material
 - Chumash Tribal Members continue to provide cultural and archeological guidance and oversight as needed. As of 6/09/15 at 1800 hours 47 cultural monitors and 10 archeologists are supporting the response.

Wildlife

- The Oiled Wildlife Care Network (OCWN) continues to conduct wildlife monitoring and recovery efforts.
- As of June 10, 2015 at 1800 hours, CDFW reported 60 birds captured 162 birds dead for a cumulative total of 222 Birds; 47 mammals captured 87 mammals dead for a cumulative total of 134.
- A planned release of 6-10 Pelicans back into the wild is scheduled for Friday, 06/12/15.

SITUATION SUMMARY

SPILL: 15-2785, Refugio Beach, Goleta, Santa Barbara County

Resources

- Per Cal OES Southern Region Emergency Operations Center Situation Report:
- As of June 10, 2015 at 1800 hours, there are a total of 1,206 personnel from all organizations currently responding to the incident. There are 127 personnel in the ICP, 1,079 in field operations.
- There are currently 3 vessels being utilized to perform boom, skimming operations, and decontamination offshore. Vessels not currently in use are being staged in the Ventura Harbor.
- There is 1 contracted aircraft (helicopter) deployed to this incident.

Public Information

- Joint Info Center (JIC) has been established.
 - JIC WEBSITE: <http://www.refugioresponse.com>
 - Future media inquiries regarding Refugio State Beach oil spill should call: **805-770-3682**.
- A Third-Party Claims telephone number has been established for businesses and others to report economic losses or costs due to the oil spill: 1-866-753-3619.
- June 9 – U.S. Coast Guard Government Affairs Officer provided comments to the Ventura County Board of Supervisors and City of Goleta Mayor and City Council regarding response efforts.
- June 10-Five one-on-one media briefings are scheduled for Refugio Beach today. The Unified Command will be discussing current status of the response and anticipated next steps.
- A media briefing is scheduled for Refugio Beach today June 11 at the ICP. The will focus on ICP's shift from response to recovery.

Volunteers

- California Volunteers is leading the efforts to coordinate spontaneous volunteer activities related to the Refugio Incident. Volunteer activities are currently on hold. Cal Volunteers will continue to monitor the situation and identify any additional opportunities for volunteer beach cleanup events.
- The public can assist by visiting this website <https://calspillwatch.dfg.ca.gov/Spill-Archive/Refugio-Incident/Volunteer> or by reporting oiled wildlife by calling 877-UCD-OWCN (not a volunteer line).

SITUATION SUMMARY

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought
- The DTF Drought Update 06/10/15 is attached.
- Drought Continuance from Sutter County dated 06/09/15 received.
- Drought Continuances from Yuba County dated 05/05/15 and 06/02/15 received.
- Drought Continuance from Plumas County dated 06/02/15 received.

Weather of Concern

Swift Return to the Heat Thursday and Friday for Northern California

The current weather system will shift eastward tonight, and hot weather will quickly return to Northern California. Temperatures will likely rebound to around 100° on Thursday across the Valley, and even hotter temperatures Friday. Gradual cooling is expected for the weekend.

- Impacts: Heat-related illnesses and impacts possible
- Valley highs reaching around 100° Thursday, then 101°-107° Friday
- The current forecast should not raise the level of the Heat Plan, which is still phase 1.

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Eureka Weather:

A high pressure ridge across the region will produce drier conditions and warmer temperatures across interior areas today and Friday. Stratus will continue across coastal areas overnight through the early mornings the next few days with clearing in the afternoons.

Medford Weather:

High pressure will build over southwest Oregon and northern California today with mainly sunny, dry weather. Low clouds and patchy fog will affect some of the coastal valleys and the immediate coast this morning, but these should erode later this morning. A thermal trough strengthening in northern California will bring gusty northerly winds to coastal areas, strongest this afternoon and evening. The ridge will flatten a bit Friday into Saturday as an upper trough moves into western Canada. Heights lower slightly over the Pacific Northwest during this time frame, but dry westerly flow aloft will persist. So, expect sunnier, dry weather with just some low clouds at the coast from time to time. Changes in temperatures will be subtle with slight cooling expected Friday night into Saturday. On Sunday, a weak upper trough approaches the coast with the mid-level flow becoming more southwesterly.

Reno Weather:

Patchy fog is possible this morning, but then a warmer and much drier air mass returns for the remainder of the week into the weekend. Temperatures will warm well into the 90s for lower elevations with lower 80s in the Sierra.

San Francisco Weather:

Dry and warmer conditions are expected Thursday into Friday as an upper ridge builds over California. A cooling trend is forecast to occur over the weekend as a weak upper level low pressure trough develops along the west coast. No rain is forecast through next week.

WEATHER

WEATHER SYNOPSIS BY REGION:

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY:

Sacramento Weather:

High pressure aloft pushing in over the state combined with a lot more sunshine most areas will bring a significant warm up today. Daytime highs today will climb by as much as 10 degrees over areas that got some sun on Wednesday to as much as 20 degrees over areas that remained cloudy through the day. This will put the highs back up over 100 for the northern Sacramento valley and in the 90s other valley locations. Models are showing another backside slider digging into the central sierra this afternoon so have included a slight chance of Sierra thunderstorms south of Interstate 80 but otherwise skies should remain mainly clear today under building ridge. Air mass warms a bit more on Friday with slightly higher heights and thickness values putting the Sacramento area likely above the century mark for high temperatures. Friday looks to be the warmest day with subtle changes expected over the weekend. an upper trough digging into the pacific northwest with bring a slight air mass cooling but also a shift to more onshore flow. The biggest cooling will be in the delta and delta influenced areas with more minor cooling impacts elsewhere. another trough digging into the eastern pacific a little farther south than its predecessor will bring a bit more onshore flow and a little more cooling on Sunday.

Hanford Weather:

Upper level low currently over central California will increase chances for showers and thunderstorms, especially for the higher elevations, through tonight. The upper level low will track eastward and exit into the great basin allowing for a return to higher pressure bringing drier conditions and an upward temperature trend.

WEATHER

WEATHER SYNOPSIS BY REGION:

SOUTHERN CALIFORNIA:

Los Angeles Weather:

A trough of low pressure over the region will linger through the weekend and keep a persistent marine layer and onshore flow in place through Saturday. On Friday, moisture will bring a slight chance of thunderstorms and showers in the deserts and mountains, from Santa Barbara and southward. High pressure should start building on Saturday, warming and drying the region for the weekend.

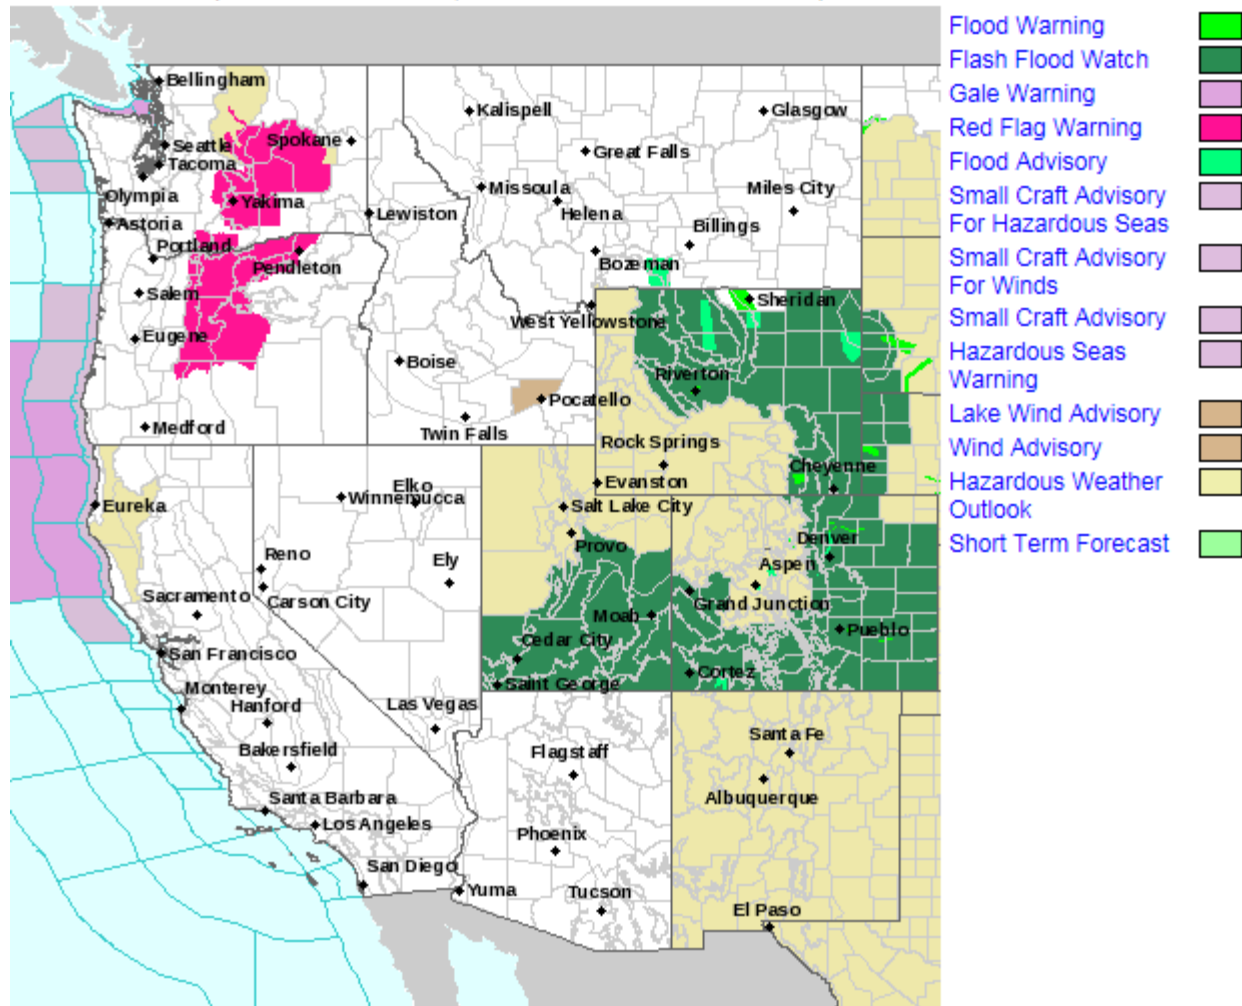

Extreme Southwestern California including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:

Extensive low clouds and areas of drizzle will continue this morning, then general clearing through the afternoon today. It will be a touch warmer today as high pressure builds into the region. Another weak trough will bring a slight chance for showers and thunderstorms to the northern mountains and deserts Friday afternoon. High pressure builds in again over the weekend into early next week bringing warming and drying along with a much shallower marine layer.

Southeast California Weather:

Drier air moving in from the west will bring dry conditions to the region through Friday, with the exception of the higher terrain north and east of phoenix, which could see a few showers and thunderstorms on Thursday afternoon, as a weak weather disturbance passes to the north. A second weather disturbance moving into the 4 corners region will bring another chance of a few afternoon and evening showers and thunderstorms to the higher terrain north and east of phoenix over the weekend. High pressure building into the desert southwest will then bring dry conditions and a warming trend to the entire region next week.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

- The SOC, Inland, Coastal, and Southern REOCs and the Santa Barbara County EOC are activated in support of the Drought State of Emergency and continue to monitor the situation.
- The Governor issued Executive Order B-26-14 on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought, specifically through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- The Governor issued Executive Order B-29-15 on 04/01/15 which announced actions that will save water, increase enforcement to prevent wasteful water use, streamline the state's drought response and invest in new technologies to make California more drought resilient.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.
- Cal OES Recovery continues to coordinate the Community Impacts Workgroup conference calls. Currently, the calls take place on alternating Wednesdays.
- Cal OES Regional (Inland, Coastal, Southern) conference calls continue to occur on a weekly basis.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

Local Emergency Proclamations:

A total of 57 local Emergency Proclamations have been received to date from city, county, and tribal governments, as well as special districts:

- 25 Counties: El Dorado, Fresno, Glenn, Inyo, Humboldt, Kern, Kings, Lake, Madera, Mariposa, Merced, Modoc, Plumas, San Bernardino, San Joaquin, San Luis Obispo, Santa Barbara, Shasta, Siskiyou, Sonoma, Sutter, Trinity, Tulare, Tuolumne, and Yuba.
- 11 Cities: City of Live Oak (Sutter County), City of Lodi (San Joaquin County), City of Montague (Siskiyou County), City of Portola (Plumas County), City of Ripon (San Joaquin County), City of San Juan Bautista (San Benito County), City of Santa Barbara (Santa Barbara County), and City of West Sacramento (Yolo County), City of Willits (Mendocino County), City of Manteca (San Joaquin County), City of Porterville (Tulare County).
- 9 Tribes: Cortina Indian Rancheria (Colusa County), Hoopa Valley Tribe (Humboldt County), Karuk Tribe (Siskiyou/Humboldt Counties), Kashia Band of Pomo Indians of the Stewarts Point Rancheria (Sonoma County), Picayune Rancheria of Chukchansi Indians (Madera County) Sherwood Valley Pomo Indian Tribe (Mendocino County), Tule River Indian Tribe (Tulare County), Yocha Dehe Wintun Nation (Yolo County), and Yurok Tribe (Humboldt County).
- 12 Special Districts: Carpinteria Valley Water District (Santa Barbara County), Goleta Water District (Santa Barbara County), Groveland Community Services District (Tuolumne County), Lake Don Pedro Community Services District (Mariposa Stanislaus County), Mariposa Public Utility District (Mariposa County), Meiners Oaks Water District (Ventura County), Montecito Water District (Santa Barbara County), Mountain House Community Service District (San Joaquin County), Nevada Irrigation District (Nevada County), Placer County Water Agency (Placer County), Tuolumne Utilities District (Tuolumne County), and Twain Harte Community Services District (Tuolumne County).

UPCOMING EVENTS, TRAINING, EXERCISES

Major Exercises in the Region

Coastal Trident 2015 Regional Port and Maritime Security Program
